Who We Are

G&H Global Services, Inc. (GHGS) provides strategic consulting in more than 20 different industries from Technology and Innovation - product and process development to the Energy sector from our central office in Washington, D.C. and our international and U.S. regional field offices. Our clients range from Fortune 500 companies to entrepreneurs.

- We will facilitate your company entering into new Domestic and International markets
- We have representatives in the countries in which we work
- We accompany our clients overseas to better understand the local business climate and we will help you to do the first step
- We provide training programs, research surveys and consulting solutions to our clients

**“We make the
connection”**

Implementation of large investment projects in the energy sector

We develop tailored solutions for our many foreign clients

- ◆ Capital Raising
- ◆ Investor Identification
- ◆ Risk Assessment
- ◆ Assistance in Contract Negotiations
- ◆ Mergers and Acquisitions
- ◆ Project Management
- ◆ Engineering Support

Access to cutting edge technologies commercially and overseas

GHGS assists technology companies to exploit the government and commercial marketplace with a focus on Homeland Security, Public Safety, Law Enforcement, Defense and International challenges.

Using our in-depth knowledge of these markets we will assist you in development and implementation of strategic marketing plans.

Such assistance includes:

- Obtaining investment capital
- Government contracts and grants
- Product Positioning
- High-profile strategic marketing initiatives
- Building partnerships and teaming relationships
